APPRAISAL I

FAST TRACK PROGRAM – FIVE FULL DAYS

This fast track course meets the 30 hour minimum requirement for Real Estate Broker pre-licensing as set forth by the Department of Consumer Protection and the Real Estate Commission.

This course is designed to help both the new student and the established real estate agent relate appraisal theory and technique to real world practice. Explanations of the basic approaches to appraising are thorough, yet concise. Frequent examples, including use of forms and data grids, help bring the world of appraising to the student. The many exercises and achievement tests used in the textbook increase the usefulness of the course by requiring student participation.
